

GOD AIN'T NO JOKE

Christian Comic Documentary

Straight from the talented, joke-filled mouths that make ours open wide and howl with laughter, comes the real skinny on the rise from smoke-filled, alcohol laden clubhouses of secular comedy to the pristine sanctuaries of God's temples. **Christian Comic**, the documentary, tells the serious story of the emergence of Christian comedians who do anything but take all of life seriously.

This documentary will help us understand their struggle to introduce one of the newest ministries to the Body of Christ, Christian comedy. Share their excitement, their hope, their struggles and their frustrations when breaking new ground and breaking through stoic traditions just to make us laugh, see **Christian Comic Documentary**.
